Bill:

I think your proposed amendment to S. 495 is a good one and is better than the change I suggested. Two minor points:

(a) In your paragraph two you point out that the section could affect the National Security Council, CIA and PFIAB to the extent that these organizations would be considered "in the Executive Office of the President." Suggest this be modified to indicate that this ill effect could occur if those organizations are considered to be "agencies in the Executive Office of the President."

(b) Would it not be well to avoid stating, as in your subparagraph a., that the NSC exists in the Executive Office of the President. Arguably if it does, CIA does also, and notwithstanding a statement in the Government Manual that the Council is such an agency, I know of no statute or Executive order that so provides.
